### **League Descriptions**

**THE VOLLEYPARK IS OFFERING SEVERAL LEVELS OF PLAY THIS SEASON. As you will read we are continuing to offer purely recreational play but are also installing referee stands and offering several leagues for teams who are interested in learning to improve their skills.**

- **Co-Rec** This is the traditional play which is strictly recreational with loose rules interpretation for proper setting, carrying and striking of the ball. These leagues will NOT use referees.
- **“BB”** This level of play will begin each session essentially the same as Co-Rec but it will be refereed. The referees will start very lenient in calling rules infractions but will gradually make improper hit calls as players learn these skills. The purpose of these leagues is to help players improve their skills in hopes of becoming more competitive.
- **“B”** This level of play will be refereed and will enforce the rules more strictly. Players skill levels will be intermediate, having developed some skills but not to an advanced state.
- **“A”** These leagues are for teams with more advanced skills. Rules will be adhered to very strictly. These leagues will be for serious teams that seek strong competition.
- **4”s** The 4 player leagues on Wednesday nights will be for a mix of B and A level players and will be split between men’s and women’s divisions.
